DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Allowable Subject Matter

2. Claims 1-15 are allowed over the prior art of record.
3. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the prior art fails to disclose or make obvious a method for optically monitoring a running fiber strand made of natural fibers having the steps of at least one light signal is transmitted onto the fiber strand and in which a light signal emitted by the fiber strand is received by a detector and is evaluated to determine a foreign substance made of synthetic material; the light signal being transmitted from the input region to the output region by the light guiding properties of the foreign substance made of synthetic material, and in combination with the other recited limitations of claim 1. Claims 2-7 are allowed by the virtue of dependency on the allowed claim 1.

Regarding claim 8, the prior art fails to disclose or make obvious a device for optically monitoring a running fiber strand made of natural fibers having a light source with a detector for receiving a light signal emitted by the fiber strand and with evaluation electronics connected to the detector for determining a foreign substance made of synthetic material; the detector is directed onto an output region to receive the transmitted light signal and in that the input region

and the output region are separated from one another, and in combination with the other recited limitations of claim 8. Claims 9-15 are allowed by the virtue of dependency on the allowed claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
